Clayton Shaw Elementary Principal  
Alla Rudishina, Finance Director*

---

Dear International Families,

Today, the re-enrollment form went home with your student for the 2018 school year. The tuition rates did not increase this year!

Thank you for selecting our school to partner with you in teaching and training your student in spiritual, academic, and physical growth. It is that time of year again to re-enroll your student. We are excited to offer new growth plans and a referral discount plan for our existing families.

We will be expanding into our high school. The dual enrollment program for advanced and honors students will continue to grow with another college opportunity added.

You will want to save your spot early in this school year for next year, because many classes will fill quickly due to lower teacher student ratios. Packets for students in specialized language or learning classes have limited room and will need your prompt attention to re-enroll.

To re-enroll your student, please complete the enclosed re-enrollment sheet and the financial agreement form, front and back, for each student you plan to re-enroll and send in the registration fees of \$1,000.00 per child that is an international student on an F1 Visa. Also a reminder that any student transferring to another F1 school must make their intentions known prior to May 1<sup>st</sup> so that documents can be done prior to the I 20 termination date. Students on an I 20 must attend the school that issued the I 20. Open enrollment starts February 1<sup>st</sup> for new families so we encourage you not to delay in the re-enrollment process. The international student should make sure that their guardian information is correct and verify all contact information on the re-enrollment form. Students wishing to change homestay, dorms, agents, or guardians must do so through the school office.

Should you have any questions about your student's re-enrollment, please see Mrs. Johnson in the office.

Blessings,

Dr. Rick Johnson  
Head of School
